

Anforderung von Produkt Updates im OLS

Wind River Compiler und Wind River Workbench OCD

1. Loggen Sie sich bitte im OLS = Online Support Portal bei www.windriver.com unter **Online Support Login** ein

Sollten Sie noch nicht über einen Zugang verfügen, so wählen Sie bitte zuerst Online Support Registration aus und registrieren Sie Ihre Lizenz. Die dazu benötigten Informationen finden Sie auf dem Lizenzblatt Ihres Produktes.

The screenshot shows the Wind River website in a Mozilla Firefox browser. The page features a navigation menu with 'Support' highlighted. A dropdown menu is open under 'Support', listing options: 'SCP Certification', 'Online Support Login', 'Online Support Registration', and 'Product Activation'. The 'Online Support Login' option is selected. The main content area includes a large banner for 'VxWorks 6.7' and several smaller promotional tiles. Below the banner, there are sections for 'Headlines', 'Events', and 'Most Viewed Content'. The URL in the address bar is http://www.windriver.com/support/support_login.html.

2. Klicken Sie bitte auf **Order Product Updates**

The screenshot shows the Wind River OnLine Support website. The browser window title is "Wind River OnLine Support - Mozilla Firefox". The address bar shows the URL: <https://support.windriver.com/olsPortal/faces/basic/portal.jspx>. The page header includes the Wind River logo and a welcome message: "Welcome, Markus Markus | Help | Logout". The navigation menu contains: Support Home, Downloads, Solutions, Licensing, My Account, Alerts, and TSR Manager.

The main content area is divided into several sections:

- Online Support Search:** A search bar with a "Document Type" dropdown and a "Search" button.
- Communications:** A section titled "What's New" with a list of updates:
 - In Wind River Linux 2.0 and Service Pack 1 absolute symbolic links in <template>/fs/ are not copied properly in the final root filesystem
 - In Wind River Linux 1.4, gcc MIPS bug caused by optimization/MIPS compiler fails to restore GP register after some function calls
 - ntpd crash - WtLinux 2.0
 - Cumulative Patch for 5.6.1.0
 - PNE-LE1.4 -- system can hang with unregister_netdevice with > 0 refcnt during rebootA red box with white text says: "CLICK HERE to learn how to use the new Wind River Online Support web site." A "More..." link is also present.
- My Support Center:** A section with three sub-sections:
 - My Licenses:** A list of license numbers: 204269, 167110, 167654.
 - Quick Links:** Japanese Manuals, FAQs, Alert Subscription, Standard Support User's Guide, Customer Advocacy.
 - General Product Links:** Security Update Notices, Product Life Cycle, [Order Product Updates](#) (highlighted with a green arrow), Service Requests, TSR Manager (Auto Login).
 - My Licenses:** Licensing Portal.
- Parametric Search:** A section for searching by product, version, and component. It includes dropdown menus for Technology, Product, Version, and Component, and a "Keyword Search" field with a "Search" button.

The footer contains copyright information: © 2009 Wind River. Terms of Use | Feedback | Contact Us. It also states: "This website is best viewed using Mozilla Firefox, Internet Explorer 7, Internet Explorer 6 and with resolutions as high as 1024 x 768." The browser status bar shows the URL: <https://support.windriver.com/olsPortal/redirect.jsp?destination=/ols/forms/productorder.php>.

3. Das nun angezeigte Formular ist vorausgefüllt, Sie müssen nur noch die Lizenz auswählen welche Sie updaten möchten.

Bitte beachten Sie das Sie bei Auswahl einer neueren Lizenz (z.B. Wind River Compiler 5.7.0.0) auch die niedrigen Versionen ab 5.0 verwenden können.
